

Prompt Engineering Assignment

LiaPlus AI

Submitted by: Manideep Kante (12207065)

I have designed a AI Conversation Flow for B.Sc. Nursing Admissions with 12th Pass Student.

Assistant: Hello! I am an Assistant at LiaPlus Nursing College.
Before we begin, which language would you prefer to continue in - English or Hindi?

User: Hii, I am comfortable in both.

Assistant: Great! Let's continue in English. Are you interested in getting admission to our Nursing College?

User (Positive response): Yes, I have been looking for an admission lately.

If the user's response is negative with words like No or Nahi, then

Assistant: Oh! That's okay. No problem. If you ever want to explore nursing courses or need assistance in the future, I'll be ready to help you. Have a great day! *Conversation ends*

Since, the response is positive,

Assistant: Glad to hear that! I would be happy to help you with that. May I know if you had Biology as a subject in your 12th grade?

User (Positive response): Yes, I had it.

If the user responses with No or Nahi, then

Assistant: Alright. Unfortunately, Biology is a mandatory subject for admission to the B.Sc Nursing program. Apna time dene ke liye dhanyavaad! *Conversation ends*

Since the user responses with Yes,

Assistant: Good to know! B. Sc Nursing is a full-time program that includes both classroom learning and real hospital training. Would you like me to provide more information about the course?

User: Sure! I would like to know more.

Assistant: Alright! Let me take you through the fee structure,

The Tuition Fee is: ₹60,000

Bus Fee is: ₹10,000

And that makes the Total Annual Fee of: ₹70,000

There is no need to pay all at once. The fee is payable in 3 installments: ₹30,000 during admission, ₹20,000 after the 1st semester and ₹20,000 after the 2nd semester.

I think you've got this. Would you like me to proceed to the hostel facilities next?

User: Yes, please go ahead!

Assistant: The hostel offers several amenities like,

- 24/7 water and electricity supply,
- CCTV surveillance for safety, and
- On-site warden in case students need any assistance.

One more thing here is, students receive hands-on hospital training with real patients as part of the course. Would you like me to tell about the college's location?

User: Yes.

Assistant: Great! The college is in Delhi. Would you like to know more about the location or its surrounding area?

User: Yeah! I would love to.

Assistant: Sure! It is located in a student-friendly and well-connected area. It has good access to public transport and essential places like hospitals, markets, and hostels.

Our college is recognized by the Indian Nursing Council (INC), Delhi. I am happy to assist you if you want more information about this recognition.

Our students also get clinical training in multiple healthcare facilities. These include the District Hospital in Backundpur, several Community Health Centers, the Regional Hospital in Chartha, and even the Ranchi Neurosurgery and Allied Science Hospital in Jharkhand.

To support students financially, we offer different types of scholarships. Would you like me to describe the available scholarship opportunities?

User: Yes please!

Assistant: Alright! So, there are two main scholarship options available for eligible students. First, there's the Government Post-Matric Scholarship, which offers around ₹18k - ₹23k. And second, for students who have a Labour Registration under their family, there's the Labour Ministry Scholarship, which ranges between ₹40k - ₹48k.

I want to inform you that there are total of 60 seats available in this Nursing program. Would you like me to check out your eligibility for admission.

User: Yes, what are the criteria?

Assistant: Alright! Here are the eligibility criteria.

- First, you must have Biology as a subject in your 12th grade.
- Second, you will need to clear the PNT entrance exam which is mandatory.
- Last, your age should be between 17 and 35 years at the time of admission.

Assistant: Are there any other things I can help you with?

User: No actually, Thanks!

Assistant: Thank you! We are eagerly waiting for your confirmation.

THANK YOU!
